ATTACHMENT(S)

Comment on Submission(s)

1. The amendment filed February 9, 2005 has been entered.
2. Because new claim 76 recites the at least one dopant as *including* a fluoride compound dopant, it is accepted that to the extent dependent claims 78-80 specify a dopant that is not a fluoride compound (*e.g.*, CeN or CeC₂) that dopant is in addition to any fluoride compound dopant required by independent claim 76.

Examiner's Amendment

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard L. Byrne (Reg. No. 28,498) on March 15, 2005. This amendment is necessary to avoid an objection to the claims on the basis that they do not further limit the claim upon which each depends.

The application is amended as follows:

Claim 97. (currently amended) The system of claim 91, where the host material is CaF₂ and the at least one dopant includes CeF₃ and CeN.

Claim 98. (currently amended) The system of claim 91, where the host material is CaF₂ and the at least one dopant includes CeF₃, CeN, EuF₃ and EuN.

Claim 99. (currently amended) The system of claim 91, where the host material is CaF₂ and the at least one dopant includes CeF₃ and CeC₂.
